A Celebratory Milestone in the Bridges Story

Dear Bridges Community,

We close out the year with a deep sense of gratitude and celebration! Term 4 has marked another remarkable milestone in the Bridges story — since launching camps in 2022, Bridges has now provided over 10,000 fully funded outdoor educational opportunities to learners and educators from under-resourced schools across the Western Cape. This achievement reflects the power of shared vision and generous partnership.

As you read our final newsletter of the year, we hope you're encouraged by the stories and impact you've helped make possible. Thank you for standing with us in shaping brighter futures.

With gratitude,
The Bridges Team

Bridges In The Media

This term, Bridges has enjoyed some great media visibility! Our work was featured in several mainstream publications and Catherine was interviewed on both BizNews and Smile FM, sharing the heart and impact of the programme with new audiences. We're grateful for every opportunity to amplify the Bridges story and highlight the incredible learners, educators, and partners who make this work possible.

Bridges Staff Training

This term, Shernel, our Camp Manager, led her team of eight coaches through focused training on leadership and communication. Investing in our staff's growth remains a core priority at Bridges — equipping our coaches with the skills and confidence they need to guide learners on their own journeys of development.

Rebecca, our Operations Manager, spent a morning in November training all our campus staff in child safeguarding. She worked through Bridges' Child Protection Policy, discussing what child safeguarding is, what we are protecting our learners from, and how we practically live this out on the Bridges campus. Each staff member is equipped to follow appropriate child safeguarding procedures and hold one another accountable to do the same.

Term 4 Camps Overview

With a shorter term and exams approaching, we hosted three impactful camps this term — each filled with energy, growth and memorable moments.

We were delighted to welcome the Grade 5's from Petunia Primary to Bridges for the very first time. Sponsored by the Cheslin Kolbe Foundation, who work in the Kraaifontein area, Petunia joins us as a new partner school this year. The learners arrived overflowing with excitement and curiosity as they embarked on their first-ever outdoor education experience.

The Grade 5 camp theme, self-awareness, was woven throughout all sessions, inviting learners to explore who they are, what they value, and how they relate to others. Through guided workshops and outdoor activities, learners were encouraged to think critically, communicate openly, support their peers and grow in confidence — all while experiencing the joy and freedom of nature

We also hosted two camps for Cascade Primary's Grade 5 and Grade 7 learners. Educators shared beautiful reflections on the impact they witnessed. Patricia, an Educator, noted that her highlight was seeing the Bridges team waiting at the entrance to welcome the children — waving, cheering, and making their arrival feel special. She shared that many of their learners return to empty homes due to parents working late shifts, so having someone eagerly waiting for them was deeply meaningful.

Another educator, Damian, observed an immediate shift in behaviour, especially among the boys. The values taught during camp — particularly respect — helped set clear expectations, and he saw learners holding one another accountable. By the second night, he noticed a remarkable improvement in behaviour and peer support.

Another touching moment came from a Grade 7 learner who has a stutter. During a group session, she spoke confidently and clearly — a breakthrough that moved her teachers and coaches alike.
